Hi Martha,

In addition to the proposed Exide quote from you for DTSC's press release, can you review this RA quote for a BNSF/Progress Rail company press release on zero-emission rail? The project is supported by an EPA targeted airshed grant:

Non-Responsive as Agreed by Requestor

Draft release is attached, for your context.

Hi Martha,

Do you approve the following quote from you for DTSC's press release announcing their Exide NPL request?

Ex. 5 Deliberative Process (DP)

See attached for the draft of DTSC's release. I also note that we'll have a Statement from you go out as an R9 news release, once DTSC makes their announcement.

Thanks,
